Dear Morakinyo,

Good morning and thank you for the interest in the work of NEITI.

NEITI has consolidated data sets. Kindly check the appendices to each of the reports you are analysing. That is where the consolidated data sets are kept.

<http://www.neiti.gov.ng> follow the prompts.

Thank you and kind regards.

Dear NEITI Team,

My name is Morakinyo Adewumi Ibukunoluwa, and I am a final-year undergraduate student at Ladoke Akintola University of Technology, Ogbomosho, currently working on my research project titled:

“Assessing the Effect of Government Policies on the Production Output of the Nigerian Oil and Gas Sector (2014–2024).”

I am currently sourcing data on:

- Annual crude oil and gas production volumes
- Federation revenue from oil and gas (e.g., royalties, PPT, signature bonuses)
- Crude oil sales volume and value
- Fuel subsidy payments or deductions (if available)

I understand that your annual industry audit reports contain these data, but I would greatly appreciate it if NEITI could provide a consolidated dataset (preferably in Excel or tabular format) for academic use.

Thank you for your continued work in promoting transparency in Nigeria’s extractive sector. I look forward to your response.
