Dear Colleagues

A very good afternoon to you Sir/Ma

It is the practice that every year NEITI on behalf of the Federal Government of Nigeria, coordinates the workplan that will guide the implementation of the EITI Standard in line with government's priorities.

2026 is here and NEITI has commenced the process of collating inputs from industry, government and civil society in order to have a comprehensive workplan to guide our activities.

Please find attached the template for Nigeria-NEITI's workplan.

As is also the practice, the ES has directed that the template for this year's workplan should be shared with you for discussions and actions at your respective agencies.

Kindly share this template for inputs and comments. Feel free to suggest activities that you arrived at, to support and deepen EITI implementation in Nigeria.

Copy me where necessary in the mails to make it easy to track and coordinate the process.

Thank you and kind regards.

Obiageli Onuorah

Director, Communication & Stakeholders Management

NEITI
