Dear Ms. Onuorah,

Thank you for your message. I understand that you are unable to download all the information from the database. Since it is very hard for us to search individual entities one by one for the purposes of statistical analysis, would you be willing to provide a downloadable version of specific variables or observations from the dataset? If that is possible, I can provide a specific data request at some point in the future. Thank you again for your prompt response!

Best regards,
Samuel

Subject: Re: Beneficial Ownership Data Request

Dear Mr. Chang.
Your mail trail below refers.
The web link to the NEITI Beneficial ownership portal is:
https://bo.neiti.gov.ng/og_search
You will need to log in to the portal and download the information you need. It is free and publicly accessible.
NEITI does not know what information you seek and cannot download the whole gamut of information on that portal/website.
Hope this helps.
Regards.
OO

To whom it may concern:

I hope this finds you well! I am Samuel Chang, a researcher at the University of Chicago Booth School of Business. I have recently been interested in research on beneficial ownership mandates and their effects on extraction firms. Since Nigeria has been one of the leaders in implementing beneficial ownership regulations in Africa, I became interested in the NEITI. I was wondering if there was any way you could provide me with a downloadable version of the Beneficial Ownership Portal's data for both oil/gas and solid minerals. It would be extremely helpful for my research and data analysis. Thank you in advance for your help, and I hope to hear back from you soon.

With best regards,
Samuel
